

Dear Opel Fans,

Thank you for your interest in Opel Club Service, which was founded many years ago by Opel Automobile GmbH as a link between the company and our many Opel fan clubs.

The aim of Opel Club Service is to provide registered clubs and their members with all the information they require about the Opel brand and its activities. We are here to support you in your club work and are always willing to answer questions and consider any suggestions you may have.

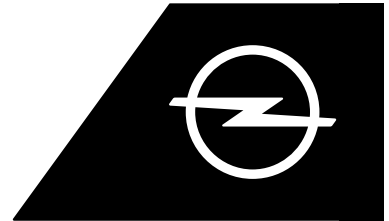

To enjoy the benefit of our services, including responses to technical questions and assistance whenever your club needs it, you simply need to register with Opel Fan Club Service. You will find the necessary application form on page 2. Please complete and sign this form and send it back to us. When we receive your documents, you will be entered in our Opel Club Directory and become an „officially recognized Opel club“.

We will support your club in its activities and future development. We can provide, for example, documents and check lists for the organization of an Opel meeting, or assist you in making your club a registered association.

These are just a small selection of the diverse areas of support available from Opel Club Service. You will receive further information about our work and our website in the coming weeks.

With best regards,

Your team at Opel Club Service

How do I become an „officially recognized Opel club“?

Simply complete this form and include your club logo with your E-mail. The logo must comply with the current guidelines of Opel Automobile GmbH and will be vetted by us accordingly. Once the logo is released by Opel Automobile GmbH, you can use it officially for your club.

Club registration

Club name: _____

Contact: _____
(one name only please)

Street _____
